Donation: A New Beginning For Your Used Vehicles

Part of your job is knowing when a vehicle in your fleet is close to the end of the road. At that point, you need to make room for a replacement, and you need it done quickly and easily. But wouldn't it be great to do some good in the process? **Our vehicle donation program** makes it possible.

Last year alone, our program partner, Insurance Auto Auctions, delivered more than \$50 million in funding to a variety of worthy causes. One of the reasons it reached that big number was the gigantic impact fleet vehicles can have. A single unit is capable of providing thousands of dollars, which goes a long way in helping us pursue our mission. With those results, we're motivated to make donating as simple as possible for you.

- **We accept any vehicle** in any condition, even if it doesn't run.
- **We charge nothing.** The vehicle is either moved to our facility or sold from where it sits based on its size and weight.
- **We manage all the paperwork,** including titles and tax receipts.
- **We provide a single point of contact** so you know where to go if you have any questions.

Everyone wins in this situation. You get rid of your vehicles fast, save the headaches that come with selling or scrapping them yourself, and you may be eligible for a tax deduction, all while supporting a great cause. We think it's an amazing opportunity to give an old unit new purpose, and we hope you do, too.
